Scripture only. Read the Word of Yahuah in its literary and covenant context. This subject is distinct from history or science coursework.

Lesson 1: Proverbs 1:1-7

Read the Passage in Context

Direct teaching: Read the opening of Proverbs. It tells readers that the sayings address wisdom, instruction, understanding, and judgment. Verse 7 places reverence for Yahuah at the beginning of knowledge.

Check your work: explain at least one answer using a drawing, calculation, exact passage, or evidence. If a task is too easy, try unfamiliar higher-level work rather than repeating memorized facts.
