AHAVA HOME LEARNING ACADEMY

Grade 3 Language Arts | Chapter 6 | Day 4

Evaluate and Credit Sources

READ THE ORIGINAL TEXT

Question: How much rain fell locally last month? A dated government weather report provides stronger measurement evidence than an anonymous undated claim. Record title, author or agency, date, and link. Do not invent a rainfall measurement.

Model and discuss: Work the first question aloud with a relevant citation, diagram or explanation. Complete the remaining questions independently; distinguish observation from inference where applicable.

INDEPENDENT QUESTIONS

1. What data would answer the research question?

2. Name one indicator of a traceable source.

3. Why does the report date matter?

4. Write a blank source-record format.

Save privately. Teacher responses are on a separate guide.
