Central Idea and Evidence

READ AND LEARN

A central idea states what the whole informational passage teaches. A supporting detail is a specific fact. Compare direct evidence with conclusions that go beyond the passage.
Original reading: Each Friday, Priya recorded the date while Omar measured the class plant. The class compared weekly heights and noticed slower growth during a colder week.

DAILY PRACTICE

1. Who recorded the date?

2. Who measured the plant?

3. State the passage’s central idea.

4. Does the passage prove cold caused the change?
