AHAVA HOME LEARNING ACADEMY

Grade 3 History | Unit 1 | Day 1

Alabama Geography

READ AND LEARN

Alabama lies in the southeastern United States. Montgomery is its capital. Huntsville is in northern Alabama, while Mobile is near the Gulf Coast. Locate each on a current reference map, rather than estimating positions.

DAILY PRACTICE

1. Name Alabama’s capital.

2. Which city is in northern Alabama: Huntsville or Mobile?

3. Find the Tennessee River on an appropriate map.

4. Why should your map source be recorded?
