## Grade 3 History | Unit 1 | Day 3

## Maps as Historical Evidence

### READ AND LEARN

Historical maps can show earlier names, borders or transport routes. Every map was made for a purpose by someone with limited information. Compare dates, scale and legends before drawing conclusions.

### DAILY PRACTICE

1. Name one map element that can change over time.

2. What does a map legend explain?

3. Why does scale matter?

4. Can a map establish every resident’s opinion?
