AHAVA HOME LEARNING ACADEMY

Grade 3 Science | Unit 1 | Day 2

Plan a Fair Investigation

READ AND LEARN

Compare multiple seedlings of the same variety under two light schedules. Give similar soil, water, container size and temperature when practical. Use adult supervision and do not promise a result before collecting data.

DAILY PRACTICE

1. Design two comparison groups.

2. Why use more than one plant per group?

3. What measurement should be repeated?

4. Why record dates?
