AHAVA HOME LEARNING ACADEMY

Grade 6 Mathematics | Unit 1 | Day 3

Fraction Division

READ AND LEARN

Dividing by a fraction asks how many fractional groups fit. 2/3 - 1/6 = 4 because four sixths make two thirds. Multiplying by the reciprocal provides the general rule.

DAILY PRACTICE

1. 3/4 - 1/8

2. 2/3 - 1/6

3. 5/6 - 5/12

4. 3 - 1/2
