AHAVA HOME LEARNING ACADEMY

Grade 6 Science | Unit 1 | Day 4

Confounders and Claims

READ AND LEARN

A confounding variable changes alongside the variable of interest and makes a conclusion less reliable. If one group uses a different toy car, that difference may affect distance independent of ramp height.

DAILY PRACTICE

1. Name one confounder.

2. How can you reduce it?

3. Can one trial prove causation?

4. What should a valid claim refer to?
