AHAVA HOME LEARNING ACADEMY

Grade 2 Language Arts | Unit 1 | Day 2

Find Central Idea and Details

LESSON READING AND EXPLANATION

The central idea tells what an informational passage is mainly about; supporting details explain it. A title can suggest a subject but does not replace evidence from the paragraph.

Original reading: Volunteers measured plant heights each Friday. They wrote the numbers in a notebook. After four weeks, they compared the measurements.

TODAY’S INDEPENDENT QUESTIONS

1. What was measured?

2. Where were the numbers recorded?

3. For how long were records compared?

4. State the central idea.

Print or type in the fields, then save privately. Teacher answers are separate.
