Grade 2 | HISTORY AND SOCIAL STUDIES

WEEK 33 • FILLABLE PRACTICE WORKBOOK • DAYS 161–165

Read the matching lesson in the Week 33 Student Textbook first. Type each answer in the box below its question and save a copy. Complete physical measurements, drawing, and hands-on tasks on a printed page. Day 165 is answered on your own.

Name: _____ Date: _____

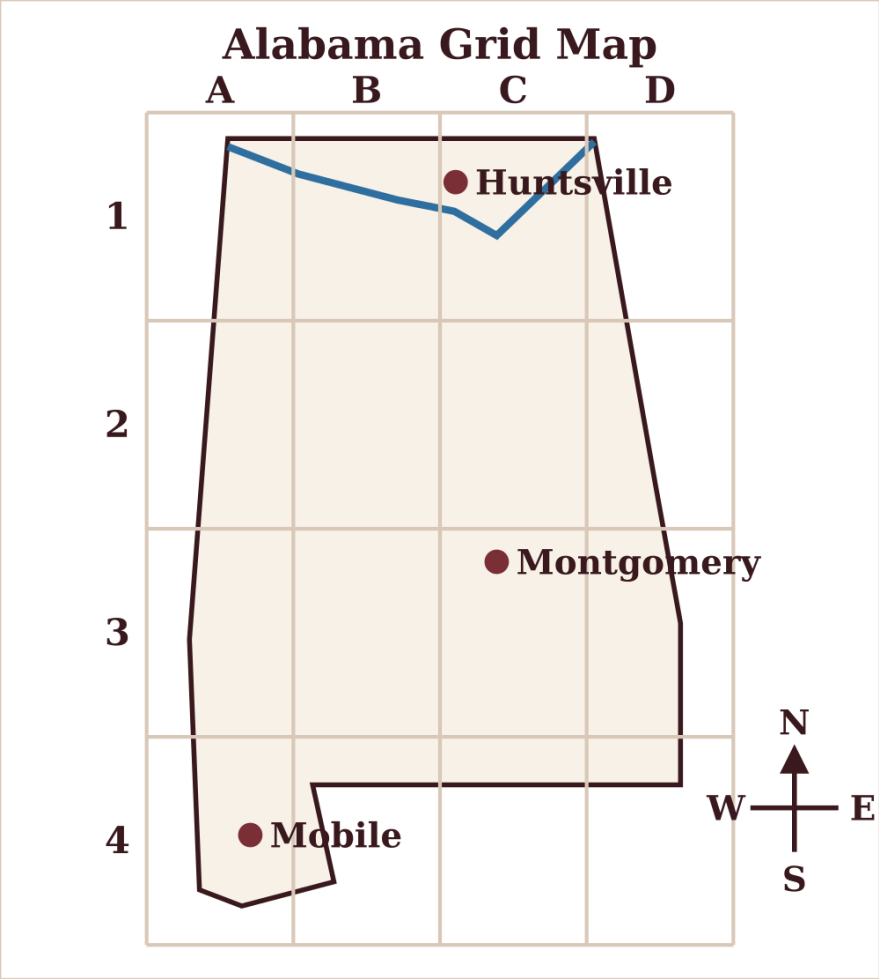

Day 161: Review: Continents, Oceans, Maps and Regions

1. Name the ocean to the west of North America and the ocean to the east.

2. You want to see where the mountains are in Alabama. Should you use a physical map or a political map? Why?

3. Match each word to its meaning: island, peninsula, valley. (A) water all around (B) low land between hills (C) water on three sides.

Day 162: Review: Directions, Grids and Timelines

1. On the grid map, name the square for Montgomery. Which direction is Montgomery from Huntsville?

2. Put these in timeline order: Alabama becomes a state (1819); Jamestown is founded (1607); the Declaration of Independence (1776).

3. How many years is 3 decades? How many years is 1 century?

Day 163: Review: Primary and Secondary Sources About Our Nation's Beginnings

Source cards

Card	Source
A	A letter written by a Jamestown colonist in 1608
B	A children's book about the colonies, written in 2015
C	The signed Declaration of Independence from 1776
D	A video made last year about the Constitution

1. Sort the source cards into primary and secondary sources.

2. Why is card C a primary source?

3. Name one reason people came to live in the colonies, and name one founding document.

Day 164: Hands-On: Map-and-Timeline Relay

Hands-on task: map-and-timeline relay

1. Set up four relay stations with a grown-up: a map station, a direction station, a timeline station and a source station. Copy each task card below onto paper.
2. Start a timer. Run or walk to each station, do the task, and write your answer on the record lines.
3. At the map station, find Alabama on a globe or world map and point to North America and the Gulf.
4. At the timeline station, put the four event cards in order on the floor from earliest to latest.
5. Stop the timer, check your answers with the grown-up, and put the cards away.

Station	Task card
1 Map	Point to North America, the Atlantic Ocean, the Pacific Ocean and the Gulf. Is a globe a model or a source?
2 Directions	Stand facing north. Point east, then southwest. Write the direction of your kitchen from your bed.
3 Timeline	Order: Plymouth (1620); the Constitution (1787); Alabama becomes a state (1819); Jamestown (1607).

4 Sources	Is a photograph of your grandparents' wedding a primary or a secondary source? Why?

My relay answers:

My relay time and the station I liked best:

1. Write the four timeline events in order from earliest to latest.

2. Which direction is your kitchen from your bed?

3. Is a photograph of your grandparents' wedding a primary or a secondary source? Explain.

Day 165: Independent Check: Geography and Time

Answer on your own. An adult may read the questions aloud but should not give the answers.

1. In which U.S. region is Alabama? Name the body of water south of Alabama.

2. On a map with north at the top, which direction is to the right? Which direction is between north and west?

3. A parade happened last week. Today you read a story about it by a writer who was not there. Which comes first on a timeline, the parade or the story? Is the story a primary or a secondary source?
